

**2SHB 1795** - H AMD TO H AMD (H-2744.2/11) **717**

By Representative Anderson

FAILED 05/09/2011

1 On page 24, after line 2 of the striking amendment, insert the  
2 following:

3 "NEW SECTION. **Sec. 13.** The legislature finds that too many  
4 students entering college are unprepared and must take learning  
5 content, such as remedial math, English, and civics that they should  
6 have learned in high school. There are considerable financial and  
7 time costs to the students that are associated with having to take  
8 remedial coursework in college. Students enrolled in remedial courses  
9 are more likely to leave college before earning a degree or  
10 certificate. Furthermore, such students may be deterred from pursuing  
11 some programs of study or careers. There are also considerable  
12 financial costs to the state and the institutions of higher education.

13  
14 **Sec. 14.** RCW 28B.10.685 and 1995 c 310 s 3 are each amended to  
15 read as follows:

16 Beginning in 1997, by September 30th of each year, each state  
17 university, regional university, state college, and, for community  
18 colleges and technical colleges, the state board for community and  
19 technical colleges shall provide a report to the office of the  
20 superintendent of public instruction, the state board of education,  
21 and the commission on student learning under RCW 28A.630.885. The  
22 report shall contain the following information on students who, within  
23 three years of graduating from a Washington high school, enrolled the  
24 prior year in a state-supported precollege level class at the  
25 institution: (1) The number of such students enrolled in a precollege  
26 level class in mathematics, reading, grammar, spelling, writing, or  
27 English; (2) the types of precollege classes in which each student was

1 enrolled; and (3) the name of the Washington high school from which  
2 each student graduated.

3 For students who enrolled in a precollege class within three years  
4 of graduating from a Washington high school, each institution of  
5 higher education shall also report to the Washington high school from  
6 which the student graduated. The annual report shall include  
7 information on the number of students from that high school enrolled  
8 in precollege classes, and the types of classes taken by the students.  
9 For each student who enrolled in a precollege class within three years  
10 of graduating from a Washington high school, an institution of higher  
11 education may establish and charge the respective Washington school  
12 district for the cost of instruction of the precollege class."

13  
14 Renumber the remaining sections consecutively and correct any  
15 internal references accordingly.

16

EFFECT: Permits institutions of higher education to establish  
and charge Washington school districts for the cost of instruction  
of precollege courses in which district students enroll within three  
years of graduating from high school.

--- END ---
